

Distance Learning Strategy

Rhiwbeina Primary School

Distance Learning Principles

Distance Learning at Rhiwbeina Primary School will:

- Consider the implications for staff and learner well-being when making decisions.
- Ensure continued and effective educational provision for ALL learners, providing a broad and balanced curriculum.
- Maximise the use of technology and deliver our curriculum in an innovative and creative manner.
- Work collaboratively with our pupils, parents, Governors and other organisations.
- Learn and adjust in real-time.
- Provide digital equipment where needed so all pupils can access learning at home, minimising any potential digital 'learning gaps'.
- Provide targeted learning support and opportunities for children to 'check in' with their teachers .
